PROFESSIONAL SUMMARY

Full Stack Developer with 1+ years of experience designing, building, and deploying production-grade web platforms using Next.js (App Router), React.js, TypeScript, Node.js, Express.js, MongoDB, and PostgreSQL. Delivered a multilingual, SEO-driven, CMS-backed platform and a payment-integrated booking system, with hands-on expertise in RESTful API design, JWT authentication and role-based access control, payment gateway integration, technical SEO, and cloud media management. Proven ability to own features end to end, from schema design and API development to responsive UI, analytics, and production release.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), TypeScript, C/C++, Python
Frontend: Next.js, React.js, Tailwind CSS, HTML5, CSS3, Bootstrap, Responsive Design
Backend: Node.js, Express.js, RESTful APIs, MVC Architecture, JWT, Authentication & Authorization
Databases: PostgreSQL, MongoDB (Mongoose), MySQL, Database Schema Design
Cloud & Integrations: AWS S3, Cloudinary, Vercel, Payment Gateways (SabPaisa, Razorpay, PayPal, Stripe)
Tools: Git, GitHub, Postman, VS Code

PROFESSIONAL EXPERIENCE

Full Stack Developer | SparkBeta Tech July 2026 – Present

Project: *Thailand Kitchens – Multilingual Kitchen Design Platform with Headless CMS*

Tech Stack: *Next.js 16 (App Router), React 19, TypeScript, Tailwind CSS, Framer Motion, Node.js, Express.js, MongoDB (Mongoose), JWT, Cloudinary / AWS S3, GA4, Vercel*

- Built a **multilingual (English, Thai, Polish)** platform with 150+ TypeScript files, 40+ routes, and 75+ reusable components using a **component-based Next.js architecture** with server-side rendering.
- Developed dynamic route families for **kitchens, services, materials, locations, built-in furniture, products, and guides**, with URL-synced filtering, pagination, search, and a mega-menu navigation.
- Designed a **site-scoped Express/MongoDB backend** serving multiple brands (Thailand Kitchen, Varsovia Kitchen) from one codebase; built **RESTful CMS APIs** for products, categories, blogs, FAQs, gallery, catalogues, and legal pages.
- Implemented **JWT authentication**, bcrypt hashing, and **role-based access control** (admin/editor) with express-validator, Helmet, CORS, and rate limiting to secure admin operations.
- Built a **lead-generation flow** with server-validated forms, **GoHighLevel CRM** integration, **GA4** event tracking, and a gated catalogue download using HTTP-only cookies.
- Handled image, video, and PDF uploads with **Multer and Cloudinary**; built an **AI-assisted blog generation** workflow (OpenAI) in the admin panel.
- Implemented **end-to-end SEO**: dynamic metadata, Open Graph, canonical URLs, hreflang, **JSON-LD schema** (Organization, LocalBusiness, Product, Article, Service, FAQ), XML and image sitemaps, robots rules, and legacy URL redirects.
- Optimized responsive layouts (mobile to 2560px) and accessibility (ARIA labels, reduced-motion support) for a stable, **production-ready Vercel release**.

MERN Stack Developer | KM Soft September 2025 – June 2026

- Contributed to the development and maintenance of an **Auditorium Management System** using Node.js, Express.js, TypeScript, and PostgreSQL.
- Integrated the **SabPaisa Payment Gateway**, enabling secure online payment processing and end-to-end transaction management.
- Developed and optimized **RESTful APIs** for booking, payment, and user management modules.
- Designed and managed **PostgreSQL schemas**, queries, and relationships to improve application performance and data integrity.
- Implemented backend validation, error handling, authentication, and authorization to secure payment workflows and user data.

EDUCATION

Vivekanand College, Surat – BCA, CGPA: 6.65 May 2021 – April 2024
Matrubhumi Vidhyalay, Surat – 12th (62%) 2021
Matrubhumi Vidhyalay, Surat – 10th (65%) 2020

CERTIFICATIONS & ACHIEVEMENTS

- Oracle Cloud Infrastructure 2024 Generative AI Certified Professional
